

Experta Seguros established its expansion plans and celebrated 10 years of leadership in the Workers Compensation sector

The company held its business convention, with 140 representatives from across the country, at which the company's objectives for the 2025/2026 financial year were outlined and it was celebrated the first decade of the Workers Compensation Company, which already provides coverage to almost 1 million workers.

Buenos Aires, September 2025.- Experta Seguros held its business convention, at which it outlined its expansion plans for the 2025/2026 financial year and celebrated the first 10 years of Experta ART, which has consolidated its leadership in the workers compensation segment, with almost 1 million policies nationwide.

Under the theme 'Connected,' Experta brought together 140 sales representatives to discuss the challenges of the new scenario in the sector and set goals to underpin growth. 'We must continue innovating to address the opportunities that arise in the market,' was one of the premises established by the company's management.

During the meeting, the joint work of the entire Experta ecosystem was underlined, as the company has a nationwide presence through its more than 6,500 strategic partners. 'We have a broad portfolio of solutions for customers, as well as a dialogue with our associated producers (AP) that will allow us to find new opportunities to introduce products and consolidate our offering', said Horacio Santcovsky, CEO of Experta Seguros and Experta ART.

During the event, they also reviewed the first 10 years of Experta ART, recognised for its leadership in the Workers Compensation sector. Since its inception, the company has grown steadily, positioning itself as a benchmark in worker health and safety, with coverage that currently reaches almost 1 million people in companies across all sectors.

'Reaching a decade is a milestone that makes us very proud. It is the result of the commitment of our entire team and the trust our customers place in us', said Santcovsky.

Closeness to its network of consulting producers and companies is one of Experta ART's distinctive values: the company actively supports its clients in implementing improvements, advising them on regulatory compliance and providing tools such as tutorials and explanatory meetings to facilitate their adaptation to new provisions.

In addition, Experta ART has an Innovation Laboratory made up of professionals from various disciplines who work on the development of technological solutions

applied to occupational safety. Drones, virtual reality simulators, interactive applications and a virtual training space are part of its digital ecosystem. A team of professionals who pay visits to companies, listen to their needs and develop tailor-made solutions complements all this.
